Marketing Methods

The key that unlocks the gross sales potential of your book is to discover a single sentence that turns into your promoting handle. This sentence states what query or drawback your book answers and the advantages your e-book can provide. Then you should definitely use that sentence in every piece of sales and promotional materials, and each time anybody asks you about your ebook.

Apart from promoting your books assiduously online, there are several other methods that may make it easier to sell more books.

One is to provide one thing away free of charge with your guide, reminiscent of a helpful bonus item. Or bundle a number of ebooks

underneath one price, which lowers the worth for every book in the event that they were sold separately.

An effective technique for figuring out a value is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new guide, but do not include a worth on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by making a number of duplicate sales pages with totally different costs on every page. Make sure your gross sales copy is strictly the similar on each page, and contains your promoting-handle sentence. Then figure out for every web page the

conversion ratio between guests to your site and sales of your book. It will let you know what your optimum worth is.

Ultimately, should you've written a e-book that solves a drawback or presents a brand new approach, your e book will bring in both traffic and profits. So you should definitely write that promoting-handle sentence that sums up what drawback your ebook solves and what the benefits of your *Sitemap E* book can be to the shoppers who purchase it.
