However the truth that unites ebooks and print books is that they're composed of ideas. It is the ideas in these books that have the flexibility to vary, or possibly transform, people's lives.

What do you think an idea is value when evaluated against the price of paper and ink?

It's the IDEAS which can be worthwhile! That is the way you decide the price of your ebook.

What should I charge for my ideas?

There are all completely different formulation and methods for determining the right value to your ebook. Let's begin with honing in on

your ultimate goals.

Decide if your goal is to get huge distribution and most exposure. This objective is aimed toward drawing prospects to what you are promoting or service, or to establishing the credibility of your reputation. This is a superb pricing technique if you are trying to acquire long-time period customers. Long-term customers are extraordinarily doubtless to purchase from you once more and again ? so long as the primary ebook they purchase is of distinctive high quality and useful to the customer.

However, in case your e-book accommodates worthwhile ? and extra importantly NEW data, references, or methods ? then you should intention to cost it on the excessive end.

After you figure out your aim, it's essential to figure out what your audience's need is for your ebook. For example, does your guide remedy a selected problem? If it does, and solves it in a manner that hasn't been written about in 100 different ebooks, you'll be in a position to obtain high gross sales at a excessive price. If your ebook solves an issue or answers questions in a brand new and distinctive approach, you must value your ebook as high as you possibly can go. You'll achieve bigger profits this way, but bring in fewer customers. not widespread information, or you're presenting a model new technique, you will be able to promote books at an excessive price. Just be ready for your competition to undercut you on worth as quickly as they hear about your book.

Remember that the above pricing technique is temporary. Eventually, you'll stop to sell books at this high price. So work out prematurely how lengthy you plan to offer your book at this excessive price, and when that time is up, change your pricing strategy.
