An efficient approach for determining a value is to send out a survey to your present customers. If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the new book, however don't include a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out costs by making a number of duplicate gross sales pages with totally different costs on every page. Be sure your sales copy is precisely the identical on every page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your web site and gross sales of your book. This may inform you what your optimum value is.

In the end, for those who've written a e-book that solves a problem or presents a new technique, your e-book will usher in both traffic and profits.
